PRESS RELEASE

Sundram Fasteners contributes Rs 2 Crores to Tamil Nadu State Disaster Management Authority towards COVID-19 relief measures

May 27, 2021, Chennai, India: Sundram Fasteners Limited has contributed a sum of Rs 2 Crores to Tamil Nadu State Disaster Management Authority to support the nation's fight against the Covid-19 Pandemic.

The Company is closely working with multiple NGOs for setting up Covid-19 healthcare facilities as well as supply of medical care equipment to hospitals. The Company has also contributed towards the supply of critical medical care equipment such as oxygen concentrators, oxygen cylinders, ventilators, oxygen flow meters and oxygen masks to hospitals. The Company also extended its support by supplying masks, shields, gloves, sanitisers to hospitals to provide relief to the vulnerable and most needy sections of society.

In connection with the above, the Company has so far spent a sum aggregating to Rs 1.50 Crores towards various COVID-19 relief measures.

The Company has ensured the first dose of vaccination for 100% of all the employees aged above 45 and hopes to completely vaccinate the employees with the second dose in due course. The Company has also initiated steps to completely vaccinate its employees aged below 45 as the availability of vaccine increases.

Sundram Fasteners Limited places on record its deep appreciation of the contribution being made by its employees in ensuring that the relief materials reach the people, whose livelihood has been severely impacted.

About Sundram Fasteners

Sundram Fasteners Limited (BSE: 500403 and NSE: SUNDRMFAST) is a part of the TVS Group, headquartered in Chennai, India. The Company has established a track record of leadership over 50 years. With a diversified product line, world-class facilities in 3 countries and a motivated team of talented people, Sundram Fasteners has become a supplier of choice to leading customers in the automotive segments worldwide.

The product range consists of high-tensile fasteners, powder metal components, cold extruded parts, hot forged components, radiator caps, automotive pumps, gear shifters, gears and couplings, hubs and shafts, tappets and iron powder. Over the years, the Company has acquired cutting-edge technological competencies in forging, metal forming, close-tolerance machining, heat treatment, surface finishing and assembly.
