DIRECTORS RESPONSIBILITY STATEMENT

The Directors confirm that: -

1. in the preparation of annual accounts, the applicable accounting standards have been followed.
2. appropriate accounting policies have been selected and applied consistently, and judgements and estimates that have been made are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit of the Company for that period.
3. proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
4. the annual accounts have been prepared on a going concern basis.
5. proper system had been devised to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

NOMINATION AND REMUNERATION POLICY

Policy for appointment and removal of Director, KMP and Senior Management

Appointment criteria and qualifications

a) The Committee shall identify and ascertain the integrity, qualification, expertise and experience criteria of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board, his / her appointment.

b) A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.

c) The Company shall not appoint or continue the employment of any person as Whole-time Director who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

Policy relating to the Remuneration for the Whole-time Director, KMP and Senior Management Personnel

a) General:

The remuneration / compensation / commission etc. to the Whole-time Director, KMP and Senior Management Personnel will be determined by the Committee and recommended to the Board for approval. The remuneration / compensation / commission etc. shall be subject to the prior/post approval of the shareholders of the Company and Central Government, wherever required.

The remuneration and commission to be paid to the Whole-time Director shall be in accordance with the percentage / slabs / conditions laid down in the Articles of Association of the Company and as per the provisions of the Act.

Increments to the existing remuneration/ compensation structure may be recommended by the Committee to the Board which should be within the slabs approved by the Shareholders in the case of Whole-time Director.

Where any insurance is taken by the Company on behalf of its Whole-time Director, Chief Executive Officer, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

Remuneration to Whole-time / Executive / Managing Director, KMP and Senior Management Personnel:

a) Fixed pay:

The Whole-time Director/ KMP and Senior Management Personnel shall be eligible for a monthly remuneration as may be approved by the Board on the recommendation of the Committee. The breakup of the pay scale and quantum of perquisites including, employer's contribution to P.F, pension scheme, medical expenses, club fees etc. shall be decided and approved by the Board/ the Person authorized by the Board on the recommendation of the Committee and approved by the shareholders and Central Government, wherever required.

b) Minimum Remuneration:

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Whole-time Director in accordance with the provisions of Schedule V of the Act and if it is not able to comply with such provisions, with the previous approval of the Central Government.

c) Provisions for excess remuneration:

If any Whole-time Director draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Act or without the prior sanction of the Central Government, where required, he / she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it unless permitted by the Central Government.

Remuneration to Non- Executive / Independent Director:

a) Remuneration / Commission:

The remuneration / commission shall be fixed as per the slabs and conditions mentioned in the Articles of Association of the Company and the Act.

b) Sitting Fees:

The Board shall decide on quantum of sitting fees payable to the Directors including Non- Executive and Independent Directors.

c) Stock Options:

An Independent Director shall not be entitled to any stock option of the Company.

PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS UNDER SECTION 186 OF COMPANIES ACT, 2013

The Company has not given any loans or guarantees covered under the provisions of section 186 of the Companies Act, 2013.

RELATED PARTY TRANSACTIONS

The particulars of contracts or arrangements with related parties referred to in sub-section (1) of Section 188 prepared in Form AOC-2 pursuant to clause(h) of sub-section (3) of Section 134 of the Act and rule 8(2) of the Companies (Accounts) Rules, 2014 is enclosed vide Annexure II forming part of this report.

RISK MANAGEMENT

The Company had formulated a Risk Management Policy for dealing with different kinds of risks which it faces in day to day operations of the Company. Risk Management Policy of the Company outlines different kinds of risks and risk mitigating measures to be adopted by the Board. The Company has adequate internal control systems and procedures to combat the risk. The Board shall review on a quarterly basis, the risk trend, exposure, potential impact analysis carried out by the management, verify whether the mitigation plans are finalised and up to date, and the progress of mitigation actions are monitored

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Section 135 is not applicable to the company as the company has not met the specified turnover or net worth or profit criteria and hence there is no requirement for the company to undertake CSR activities.

BOARD EVALUATION

The Nomination and Remuneration Committee (NRC) has laid down the criteria for performance evaluation of independent directors and other directors, Board of Directors and Committees of the Board of Directors.

The criteria for performance evaluation cover the areas relevant to their functioning as independent directors or other directors, member of Board or Committees of Board.

Evaluation of all Board members is done by the Board, NRC and Independent Directors on an annual basis with specific focus on the performance and effective functioning of the Board and individual directors. During the year, the Board adopted a formal mechanism for evaluating its performance and as well as that of its Committees and individual directors. The exercise was carried out through an evaluation process covering various aspects of the Boards' functioning such as composition of the Board and committees, frequency of meetings, administration of meeting, flow of information to the Board, experience and competencies, performance of specific duties and obligations, disclosure of information to stakeholders etc. Separate exercise was carried out to evaluate the performance of individual directors on parameters such as attendance, contribution at the meetings and independent judgment. The directors were satisfied by the evaluation results which reflected the overall engagement of the Board and its Committees.

PERFORMANCE AND FINANCIAL POSITION OF EACH OF THE SUBSIDIARIES, ASSOCIATES AND JOINT VENTURE

Report on the performance and financial position of each of the subsidiaries, associates and joint venture companies of the Company is prepared and same is enclosed vide Annexure III to this Report.

PUBLIC DEPOSITS

During the year under review, the Company has not accepted any deposits from the public within the meaning of Section 73 of the Companies Act, 2013.

REGULATORY / COURT ORDERS

During the year 2019 -20, no significant and material orders were passed by the regulators or courts or tribunals impacting the going concern status and company's operations in future.

INTERNAL FINANCIAL CONTROLS

The company has internal control procedures and sufficient internal control checks considering the size and nature of its business and the Board of Directors is of the view that those controls are adequate with reference to the financial statements.

PARTICULARS OF EMPLOYEES PURSUANT TO THE PROVISION OF RULES 5(2) OF THE COMPANIES (APPOINTMENT AND REMUNERATION OF MANAGERIAL PERSONNEL) RULES, 2014

Remuneration received more than 84 lakhs per annum covered under rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) rules, 2014.

Total remuneration received Rs.78.00 lakhs per annum.

STATUTORY AUDITORS

Pursuant to Section 139 of the Companies Act, 2013, M/s. B S R & Co. LLP, Chartered Accountants, Chennai (Firm Registration No.101248W/W-100022 with the Institute of Chartered Accountants of India) were appointed as Statutory Auditors of the Company at the Annual General Meeting held on August 17,2017 for a consecutive period of five years till the conclusion of Annual General Meeting for the financial year 2021 -22.

DISCLOSURE UNDER THE SEXUAL HARRASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

The Company has instituted the Anti-Sexual Harassment Policy in line with the requirements of the Sexual Harassment of Women at the Workplace (Prevention, Prohibition & Redressal) Act, 2013. Internal Complaints Committee (ICC) has been constituted and is entrusted to redress complaints regarding sexual harassment. No complaint was received during the year 2019-20.

1. Names of subsidiaries which are yet to commence operations
2. Names of subsidiaries which have been liquidated or sold during the year.

June 9, 2020 CHAIRMAN

INDEPENDENT AUDITORS' REPORT

To the Members of TVS Next Limited (formerly TVS Infotech Limited)

Report on the Audit of the Indian Accounting Standards ('Ind AS') financial statements

Opinion

We have audited the Ind AS financial statements of TVS Next Limited (Formerly TVS Infotech Limited) (formerly TVS Infotech Limited) ("the Company"), which comprise the balance sheet as at March 31, 2020, the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the Ind AS financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Information Other than the Ind AS financial statements and Auditors' Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Board's report, but does not include the financial statements and our auditors' report thereon. The Board's report is expected to be made available to us after the date of this auditor's report.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. When we read the Board's report, if we conclude that there is a material misstatement therein, we are required to communicate the matter those charged with governance and take necessary actions as required under applicable laws and regulations.

Management's and Board of Directors' Responsibility for the Ind AS financial statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS financial statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the Ind AS financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:

   a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

   b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

   c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.

   d) In our opinion, the aforesaid Ind AS financial statements comply with the Ind AS specified under section 133 of the Act.

   e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

   f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

3. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

   i. The Company has disclosed the impact of pending litigations as at March 31, 2020 on its financial position in its Ind AS financial statements - Refer Note 29 to the Ind AS financial statements;

   ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

   iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

   iv. The disclosures in the Ind AS financial statements regarding holdings as well as dealings in specified bank notes during the period from November 8, 2016 to December 30, 2016 have not been made in these Ind AS financial statements since they do not pertain to the financial year ended March 31, 2020.

4. With respect to the matter to be included in the Auditors' Report under section 197(16):

   In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report

To the Members of TVS Next Limited (formerly TVS Infotech Limited) on the Ind AS financial statements for the year ended March 31, 2020

(i) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

(c) According to the information and explanations given to us, the Company does not have any immovable property.

(ii) The Company is a service company, primarily providing IT services, accordingly it does not hold any physical inventories. Accordingly, paragraph 3(ii) of the Order is not applicable to the Company.

(iii) According to the information and explanations given to us, the Company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable.

(iv) According to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act with respect to investments made, as applicable. As explained, the Company has not given any loans, guarantees or securities that are outstanding as at March 31, 2020.

(v) According to the information and explanations given to us, the Company has not accepted any deposits as mentioned in the directives issued by Reserve Bank of India and the provisions of section 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3(v) of the Order is not applicable.

(vi) According to the information and explanations given to us, the Central Government has not prescribed maintenance of cost records under section 148(1) of the Companies Act, 2013 for any of the activities of the Company and accordingly, paragraph 3(vi) of the Order is not applicable to the Company.

(vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including provident fund, employees state insurance, income tax, goods and services tax and other material statutory dues have generally been regularly deposited by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of sales tax, service tax, duty of excise, duty of customs, value added tax and cess.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees state insurance, income tax, goods and services tax and other material statutory dues were in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no dues of income tax, sales tax, service tax, duty of customs, duty of excise, value added tax and Goods and Service tax which have not been deposited with the appropriate authorities on account of disputes, other than those mentioned below:

Name of statute	Nature of dues	Amount in INR	Period to which amount relates to	Forum where pending
Finance Act, 1994	Service tax	12.03	FY 2004-2007	CESTAT
Finance Act, 1994	Service tax	1.23	FY 2008-2009	Commissioner of Central Excise, Appeals

(viii) According to the information and explanations given to us, the Company has not defaulted in repayment of dues to banks. The Company has not taken any loans or borrowings from financial institutions, government and have not issued any debentures.

(ix) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly paragraph 3(ix) of the Order is not applicable.

(x) According to the information and explanations given to us, no fraud by the Company or any material fraud on the Company by its officers or employees has been noticed or reported during the course of our audit.

(xi) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the managerial remuneration for the year ended March 31, 2020 has been paid or provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

(xii) According to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. The details of such related party transactions have been disclosed in the Ind AS financial statements as required under applicable accounting standards.

(xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable.

Annexure B to the Independent Auditor's Report

To the Members of TVS Next Limited (formerly TVS Infotech Limited) on the Ind AS financial statements for the year ended March 31, 2020

Report on the Internal Financial Controls with reference to financial statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statements of TVS Next Limited (Formerly TVS Infotech Limited) ("the Company") as of March 31, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI').

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively as at March 31, 2020 for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal financial controls with reference to financial statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Cash flow statement for the year ended 31 March 2020 In ₹
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

	Note	Year ended March 31, 2020	Year ended March 31, 2019
Cash flow from operating activities			
Profit before tax		291.96	173.78
Adjustments for:			
Depreciation and amortisation expense	23	134.52	41.15
Finance costs	22	85.78	12.49
Interest income	20	(5.08)	(23.64)
Loss / (profit) on sale of assets		19.84	(1.13)
Unrealized foreign exchange loss		(14.72)	5.28
		512.30	**207.94**
Working capital adjustments:			
Increase in trade payables and other financial liabilities		129.94	36.89
Increase in trade receivables and other financial assets		(257.62)	(360.52)
Increase in provisions		25.55	21.21
Decrease in other non financial liabilities		(18.69)	(38.13)
(Increase)/ decrease in other non financial assets		(31.45)	18.96
Cash generated from operating activities		**360.03**	**(113.65)**
Income tax paid / (refund), net		(103.01)	25.63
Net cash from/ (used in) operating activities (A)		**257.02**	**(88.02)**
B. Cash flow from investing activities			
Proceeds from sale of property, plant and equipment		1.55	2.67
Purchase of property, plant and equipment (Including capital work-in progress)		(50.70)	(74.51)
Interest received	20	5.08	23.64
Cash paid for acquiring non controlling interest in TVS Next Private Limited		-	(250.00)
Net cash flow used in investing activities (B)		**(44.07)**	**(298.20)**
C. Cash flow from financing activities			
Proceeds from issue of equity share capital	12	-	189.84
Interest paid	22	(23.56)	(12.49)
Payment of lease liabilities		(113.97)	
Proceeds from borrowings, net		30.34	9.36
Net cash flow (used in) / from financing activities (C)		**(107.19)**	**186.71**
D. Net increase in cash and cash equivalents (A+B+C)		105.76	(199.51)
E. Cash and cash equivalents at the beginning of the year		99.42	298.93
F. Cash and cash equivalents at the year end		**205.18**	**99.42**
Reconciliation of the cash and cash equivalents as per the cash flow statement			
Cash on hand		0.10	0.09
Balances with banks in current accounts		205.08	19.33
Deposits with original maturity of less than 3 months		-	80.00

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

1. Corporate information

TVS Next Limited (formerly TVS Infotech Limited) ("the Company") is incorporated in India and is a subsidiary of Sundram Fasteners Limited, Chennai. The Company was incorporated under the provisions of the Companies Act, 1956 and the registered office of the Company is situated at No. 98-A, VII Floor, Dr. Radhakrishnan Salai, Mylapore, Chennai 600 004. The Company is primarily engaged in the business of providing IT services to various customers.

2. Basis of preparation

2.1 Statement of compliance

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statements for the year ended March 31, 2020 (including comparatives) are duly adopted by the Board of Directors on June 9, 2020.

Details of the Company's accounting policies are included in note 3.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees (Rs.) which is the Company's functional currency. All amounts have been presented in lacs of Indian Rupees (Rs.), except share data and as otherwise stated.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items;

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

2.4 Use of estimates and judgments

In preparing the financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Significant management judgment

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

- Note 3.5.1: Leases - whether an arrangement contains a lease;
- Note 3.8, 8 and 29: Provision for income taxes and related tax contingencies

Assumptions and estimation uncertainty

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is mentioned below. Actual results may be different from these estimates.

- Note 3.2.3 - Useful lives of property, plant and equipment
- Note 3.7 – Impairment test on financial and non-financial assets; key assumptions underlying recoverable amounts;
- Note 14: measurement of defined benefit obligation; key actuarial assumptions;
- Note 3.10, and 29 – recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of assets including trade receivables, inventories and other current / non-current assets (net of provision established). In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has used internal and external sources of information on the expected future performance of the Company. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The Company will continue to closely monitor any material changes to future economic conditions.

2.5 Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. The inputs used to measure the fair value of assets or a liability fall into different levels of the fair value

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

hierarchy. Accordingly, the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the low level input that is significant to the entire measurement.

Management uses various valuation techniques to determine fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management based on its assumptions on observable data as far as possible but where it not available, the management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date (also refer note 27). The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.6 Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and services and time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current or non-current classification of assets and liabilities.

3. Summary of accounting policies

These financial statements have been prepared applying significant accounting policies and measurement bases summarized below.

1. Revenue recognition

The Company earns revenue primarily from providing IT services. The performance obligations and revenue recognition policies of the Company are as follows:follows:-

1.1 Sale of services:

Revenue on time and material contracts are recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue. Revenue from fixed-price contracts, where the performance obligations are satisfied over time and when there is no uncertainty as to measurement or collectability of consideration, is recognised as per the percentage of completion method. When there is certainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

1.2 Interest and dividend income:

Dividend income is recognised in statement of profit or loss on the date on which the Company's right to receive payment is established.

Interest income or expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability.

However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

2. Property, plant and equipment

2.1 Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. Cost of an item of property, plant and equipment comprises:

a. purchase price, including import duties and non-refundable taxes on purchase (goods and service tax, value added tax), after deducting trade discounts and rebates.

b. any directly attributable cost of bringing the item to its working condition for its intended use estimated costs of dismantling and removing the item and restoring the site on which it is located.

c. The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

Any gain/ loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

2.2 Subsequent expenditure

Subsequent costs are included in asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company.

2.3 Depreciation:

a. Depreciation is recognized on a straight-line basis, over useful life of buildings and other equipment as prescribed under Schedule II of Companies Act, 2013, except in respect of certain assets, where useful life is different from those prescribed under Schedule II.

b. Depreciation on property, plant and equipment is charged over the estimated useful life of the asset on straight line method, in accordance with Part A of Schedule II to the Companies Act, 2013.

c. The estimated useful life of the property, plant and equipment on technical assessment followed by the Company is furnished below:

Asset category	Management estimate of useful life (in years)
Plant and equipment	3-15
Furniture and fixtures	10
Office equipment	5
Vehicles	8

d. The residual value for all the above assets are retained at 5% of the cost.

e. Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if necessary, for each reporting period.

f. On property, plant and equipment added/ disposed off during the year, depreciation is charged on pro-rata basis for the period for which the asset was purchased and used.

3. Goodwill

Goodwill represents the cost of acquired business as established at the date of acquisition of the business in excess of the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities less accumulated impairment losses, if any Goodwill is tested for impairment annually or when events or circumstances indicate that the implied fair value of goodwill is less than its carrying amount.

4. Investments in subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and carrying amounts are recognized in statement of profit and loss.

5. Leases

Policy applicable from April 1, 2019

Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the company's operations taking into account the location of the underlying asset and the availability of suitable

alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

5.1 Determining whether an arrangement contains a lease

At the inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset - this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
- the Company has the right to operate the asset; or
- the Company designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

5.2 Assets held under leases

i. Assets taken on lease.

The Company recognizes a right of use asset and a lease liability at the lease commencement date. The right of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right of use asset is subsequently depreciated using straight-line method from commencement date to the earlier of the end of the useful life of right-of-use assets or the end of the lease term, The estimated useful lives of right-to-use assets are determined on the same basis as those of property and equipment. In addition, the right of use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid as at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses the incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprises of the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right of use asset has been reduced to zero.

The Company presents right of use assets and lease liabilities as a separate item in the face of the balance sheet.

Short term leases and leases of low-value assets

The Company has elected not to recognize right of use assets and lease liabilities for short-term leases that have a lease term of 12 months of less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Policy applicable before April 1, 2019

5.3 Determining whether an arrangement contains a lease

At inception of an arrangement, it is determined whether the arrangement is or contains a lease.

At inception or on reassessment of arrangement that contains a lease, payments and other consideration required by such an arrangement are separated into those for lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the incremental borrowing rate.

5.4 Assets held under leases

i. Assets leased out

As per terms of lease agreements there is no substantial transfer of risk and reward of the property to the lessee. Accordingly such leased out assets are treated as belonging to the Company.

ii. Assets taken on lease

As per the terms of lease agreements there is no substantial transfer of risk and reward of the property to the Company and hence such leases are treated as operating lease.

The payments on operating lease are recognised in profit or loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Associated costs, such as maintenance and insurance, are expensed.

5.5 Lease payments

Payments made under operating leases are generally recognised in profit or loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Lease incentives received are recognised as an integral part of the total lease expense over the term of the lease.

6. Financial instruments

6.1 Recognition and initial measurement:

Trade receivables are initially recognised when they are originated.

All other financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

The 'trade payable' is in respect of the amount due on account of goods purchased in the normal course of business. They are recognised at their transaction and services availed value if the transaction does not contain significant financing component.

6.2 Financial assets

6.2.1 Classification and subsequent measurement of financial assets:

For the purpose of subsequent measurement, financial assets are classified and measured based on the entity's business model for managing financial asset and contractual cash flow characteristics of financial asset at:

a. Those to be measured at Fair value through other comprehensive Income (FVTOCI)

b. Those to be measured at Fair value through profit and loss (FVTPL) and;

c. Those measured at amortized cost.

i. Financial assets at amortised cost

Includes assets that are held within a business model where objective is to hold financial assets to collect contractual cash flows and contractual terms gives rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

These assets are measured subsequently at amortized cost using the effective interest method. Interest income, foreign exchange gains and losses, if any and impairment are recognised in profit or loss. Any gain or loss on de recognition is recognised in statement of profit and loss.

ii. Financial assets at Fair Value Through Other Comprehensive Income (FVTOCI)

Includes assets that are held within a business model where objective is both collecting contractual cash flows and selling financial assets along with contractual terms

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

giving rise on specified dates to cash flows that are solely payments of principal and interest on principal amount outstanding. The Company has made an irrevocable election to present in other comprehensive income changes in fair value of an investment in an equity instrument that is not held for trading. This selection is made on instrument-by instrument basis.

Dividends are recognised as income in profit or loss unless it clearly represents a recovery of part of cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

iii. Financial assets at Fair Value Through Profit or Loss (FVTPL)

Financial assets at FVTPL include financial assets that are designated at FVTPL upon initial recognition and financial assets that are not measured at amortised cost or FVTOCI. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply. Assets in this category are measured at fair value with gains or losses recognized in profit or loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

The loss allowance in respect of FVTPL at each reporting period is evaluated based on expected credit losses for next 12 months and credit risk exposure. The Company also measures loss allowance for financial instrument at an amount equal to lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. The allowance shall be recognised in profit and loss.

6.2.2 Derivative financial instruments and hedge accounting

Derivative financial instruments are accounted for at FVTPL except for derivatives designated as hedging instruments in cash flow hedge relationships, which require a specific accounting treatment. To qualify for hedge accounting, the hedging relationship must meet several strict conditions with respect to documentation, probability of occurrence of the hedged transaction and hedge effectiveness. These arrangements have been entered to mitigate currency exchange risk arising from certain legally binding sales and purchase orders denominated in foreign currency. For the reporting periods under review, the Company has not designated any forward currency contracts as hedging instruments.

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

6.2.3 De-recognition of financial assets

A financial asset is derecognised only when;

a. The Company has transferred the rights to receive cash flows from the financial asset or

b. The Company retains the contractual rights to receive the cash flows of the financial asset, but expects a contractual obligation to pay the cash flows to one or more recipients.

Where entity has transferred an asset, the Company examines and assesses whether it has transferred substantially all risk and rewards of ownership of financial asset. In such cases, financial asset is derecognised. Where entity has not transferred substantially all risks and rewards of ownership of financial asset, such financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risk and rewards of ownership of the financial asset, the financial asset is derecognised, if the Company has not retained control of the financial asset. Where the company retains control of the financial asset is continued to be recognised to the extent of continuing involvement in the financial asset.

6.3 Financial Liabilities

6.3.1 Classification of financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or at amortised cost. The Company's financial liabilities include borrowings, trade and other payables.

6.3.2 Subsequent measurement

Financial liabilities are measured subsequently at amortized cost using the effective interest method except for derivatives and financial liabilities designated at FVTPL, which are carried subsequently at fair value with gains or losses recognized in profit or loss.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

6.3.3 De recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

6.4 Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

7. Impairment

7.1 Impairment of financial instruments

The Company recognise loss allowance for expected credit loss on financial assets measured at amortised cost.

At each reporting date, the Company assesses whether financial assets carried at amortised cost are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit - impaired includes the following observable data:

- significant financial difficulty;
- a breach of contract such as a default or being past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

Loss allowances for trade receivables are measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are credit losses that result from all possible default events over expected life of financial instrument.

The maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information. The Company assumes that credit risk on a financial asset has increased significantly if it is past due.

The Company considers a financial asset to be in default when:

- the recipient is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is past due.

7.1.1 Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

7.1.2 Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

7.1.3 Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

7.2 Impairment of non-financial assets

The Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Goodwill is tested annually for impairment.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

Goodwill arising from a business combination is allocated to CGUs or groups of CGUs that are expected to benefit from the synergies of the combination.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

The Company's corporate assets (e.g., central office building for providing support to various CGUs) do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in estimates used to determine recoverable amount. Such a reversal is made only to an extent that asset's carrying amount does not exceed carrying amount that would have been determined, net of depreciation/ amortisation, if no impairment loss was recognised.

8. Income Taxes

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. Calculation of current tax is based on tax rates in accordance with tax laws that have been enacted or substantively enacted by the end of the reporting period. Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously

Deferred tax is recognised in respect of temporary difference between carrying amount of assets and liabilities for financial reporting purposes and corresponding amounts used for tax purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised/ recognised, are reviewed at each reporting date and are recognised/ reduced to an extent that it is probable/ no longer probable respectively that related tax benefit will be realised.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by same tax authority on same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or its tax assets and liabilities will be realised simultaneously.

9. Post-employment benefits and short-term employee benefits

a. Short term employee benefit obligations:

Short term employee benefit obligations are those that are expected to be settled within 12 months after end of reporting period. They are recognised up to end of the reporting period at amounts expected to be paid at the time of settlement.

With respect to bonus, the Company recognises a liability and an expense for bonus. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

b. Other long-term employee benefit obligations:

These obligations represent liability towards compensated absences that are not expected to be settled wholly within a period of 12 months after end of the period in which the employees render the related service. They are, therefore, recognised and provided for at the present value of the expected future payments to be made in respect of services provided by employee up to the end of reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

The obligations are presented as current liabilities in balance sheet if entity does not have an unconditional right to defer settlement for at least 12 months after reporting period, regardless of when the actual settlement is expected to occur.

c. Post-employment obligation:

The Company operates the following post-employment schemes.

i. Gratuity obligation:

The liability or asset recognised in the balance sheet in respect of these defined benefit obligation is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by an Independent actuary using projected unit credit method. The present value of defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The cost is included in employee benefit expenses in the Statement of Profit and Loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in present value of the defined benefit obligation resulting from plan amendment or curtailment are recognised immediately in the statement of profit and loss.

ii. Provident Fund:

The eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employee's salary. There are no obligations other than the contribution payable to the fund.

10. Provisions and contingent liabilities

a. Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

b. Onerous contract

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

c. Contingent liabilities:

Whenever there is possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognised because (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or (b) the amount of the obligation cannot be measured with sufficient reliability are considered as contingent liability.

d. Contingent assets:

The Company does not recognise contingent assets. These are assessed continually to ensure that the developments are appropriately disclosed in the financial statements.

11. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares). For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are considered for the effects of all dilutive potential equity shares.

12. Cash and cash equivalents and cash flow statement

Cash and cash equivalents comprise cash on hand and balance with banks in current account which are subject to only an insignificant risk of changes in value.

Cash flows are reported using the indirect method, whereby profit/ (loss) before extraordinary items and tax is appropriately classified for the effects of transactions of non-cash nature and any deferrals or accruals of past or future receipts or payments. In cash flow statement, cash and cash equivalents include cash in hand, balances with banks in current accounts and other short- term highly liquid investments with original maturities of three months or less.

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

13. Segment reporting

The Company is engaged in provision of IT services and thus there is only one reportable segment.

14. Government grants

Government grants and subsidies are recognised when there is reasonable assurance that conditions attached to them will be complied and grant/subsidy will be received. Government grants relating to income are deferred and recognized in statement of profit and loss over the period necessary to match them with the costs that they intended to compensate and presented in other operating revenues. Grants that compensate the Company for expenses incurred are recognised in profit or loss as other operating revenue on a systematic basis in the periods in which such expenses are recognised.

15. Foreign currency transactions

In preparing financial statements, transactions in currencies other than Company's functional currency (i.e. foreign currencies) are recognised at rates of exchange prevailing on date of transactions or an average rate if average rate approximates actual rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into functional currency at exchange rate when fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at exchange rate at the date of the transaction. Exchange differences are recognised in profit or loss.

3A Changes in significant accounting policies

Except for the changes below, the Company has consistently applied the accounting policies to all periods presented in these standalone financial statements.

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and have applied the standard to all lease contracts existing on April 1, 2019 using the modified retrospective method and has considered the right of use is equivalent to the lease liability assessed by the Company, on the date of initial application. The comparative figures as of and for the year ended March 31, 2019 have not been retrospectively adjusted and therefore will continue to be reported under Ind AS 17. The disclosure requirements in Ind AS 116 have not generally been applied to comparative information.

The details of the changes in accounting policies are disclosed below.

(a) Definition of lease

Previously, the Company determined at contract inception whether an arrangement was or contained a lease under Ind AS 17 Leases. The Company now assesses whether a contract is or contains a lease based on the definition of a lease, as explained in note 5.1.

(b) As a lessee

As a lessee, the Company leases assets that are in the nature of buildings. The Company previously classified leases as operating or finance leases based on its assessment of whether the lease transferred significantly all of the risks and rewards incidental to ownership of the underlying asset of the Company. Under Ind AS 116, the Company recognises right-of-use assets and lease liabilities for most of these leases – i.e. these leases are on-balance sheet.

Leases classified as operating leases under Ind AS 17

Previously, the Company classified property leases as operating leases under Ind AS 17. On transition, the Company has elected the transition option to recognise Right of use (ROU) asset at an amount equal to the lease liability with lease liabilities measured at the present value of the remaining lease payments, discounted at the Company's incremental borrowing rate as at April 1, 2019 (refer notes 13 and 28).

Notes to financial statements for the year ended March 31, 2020
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

The Company has evaluated its right-to-use assets for impairment on the date of transition and has concluded that there is no indication that the right-of-use assets are impaired.

(c) Impact on financial statements

The Company has adopted Ind AS 116 with effect from April 1, 2019 using modified retrospective approach along with a transition option to recognise Right of use (ROU) asset at an amount equal to the lease liability. Accordingly, there is no impact of Ind AS 116 adoption to the retained earnings as at April 1, 2019 or for the year ended March 31, 2019.

4. Recent Indian Accounting Standards

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

Notes to financial statements for the year ended 31 March 2020 (Contd.)
(All amounts are in lakhs of Indian Rupees, except share data and as stated)

F Pursuant to the Taxation Laws (Amendment) Ordinance, 2019 issued on September 20, 2019, which is effective from April 1, 2019, domestic companies have an option to apply a lower income tax rate with effect from April 1, 2019, subject to certain conditions specified therein. The Company has not exercised such option during the year and accordingly, it has recognised provision for income tax for year ended March 31, 2020 based on normal income tax rate.

9 Other assets

(Unsecured considered good, unless otherwise stated)	As at March 31, 2020		As at March 31, 2019

	No. of shares	Amount	No. of shares	Amount
Equity shares of Rs. 10/- each fully paid up				
At the beginning of the year	29,661,383	2,966.14	28,474,929	2,847.49
Add: Equity shares issued during the year	-	-	1,186,454	118.65
At the end of the year	**29,661,383**	**2,966.14**	**29,661,383**	**2,966.14**

(b) Rights, preferences and restrictions attached to equity shares

The Company has only one class of equity shares having a par value of Rs. 10/- per share. Each holder of equity share is entitled to one vote per share. The Company declares and pays dividends in Indian Rupees. The equity shareholders are entitled to receive dividend as declared from time to time after the same is declared. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company.

In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(c) Shareholders holding more than 5% of the aggregate shares in the Company

	As at March 31, 2020		As at March 31, 2019	
	No. of shares	% holding	No. of shares	% holding
Mrs Usha Krishna, Chennai	9,593,989	32.35%	9,593,989	32.35%
Sundram Fasteners Investments Limited, Chennai #	3,330,050	11.22%	3,330,050	11.22%
Sundram Fasteners Limited, Chennai, Holding company #	16,737,344	56.43%	16,737,344	56.43%
At the end of the year	**29,661,383**	**100.00%**	**29,661,383**	**100.00%**

Out of equity shares issued by the Company, these equity shares have been held by the holding company and its subsidiaries.

(d) There are no bonus shares or buy-back of shares or shares issued for consideration other than cash during a period of five years immediately preceding financial year ended March 31, 2020

(e) Capital management

The Company' s capital management objectives are to ensure the Company's ability to continue as a going concern and to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk

For the purpose of Company's capital management, capital includes issued equity share capital and borrowings obtained from external agencies including banks and financial institutions. The primary objective of Company's capital management is to maximise the shareholder value.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage.The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt. The amount managed as capital by the Company for the reporting periods are summarized as follows:

Particulars	**As at March 31, 2020**	**As at March 31, 2019**
Borrowings	293.18	262.84
Cash and cash equivalents	(205.18)	(99.42)
Net debt (a)	**88.00**	**163.42**
Total equity	1,766.16	1,622.23
Total equity (b)	**1,766.16**	**1,622.23**
Net debt to total equity (a/b *100)	**4.98%**	**10.07%**

(f) Nature and purpose of reserves

(i) Securities premium

Securities premium is used to record the premium on issue of equity shares. These reserve are to be utilised in accordance with the provisions of section 52 of the Companies Act, 2013.

(ii) Amalgamation adjustment deficit account

Amalgamation adjustment deficit account consists balance arising pursuant to amalgamation of a wholly owned subsidiary with the Company.

	As at March 31, 2020		**As at March 31, 2019**	
13 Lease liabilities	**Non-current**	**Current**	**Non-current**	**Current**
Lease liabilities (also refer note 28)	566.44	63.02	-	-
	566.44	**63.02**	**-**	**-**

	As at March 31, 2020		**As at March 31, 2019**	
14 Provisions	**Non-current**	**Current**	**Non-current**	**Current**
Provision for employee benefits				
Gratuity (refer note (a) below)	129.11	11.39	47.18	57.71
Compensated absences (refer note (b) below)	19.26	28.90	16.95	17.58
	148.37	**40.29**	**64.13**	**75.29**

The post-employment defined benefit plans operated by the Company are as follows;

(a) Gratuity

The Company has its defined benefit gratuity plan as per the Payment of Gratuity Act, 1972. Under this legislation, employee who has completed five years of service is entitled to specific benefit. The level of benefit provided depends on the employee's length of service and salary at retirement/ termination age. The gratuity plan is a funded plan and the Company makes its contributions to a recognised fund in India. The Company measures the liability based on an independent acturial valuation using projected units credit method

The following tables summarise components of net benefit expenses recognised in statement of profit and loss and funded status and amounts recognised in balance sheet.

	As at March 31, 2020	**As at March 31, 2019**
Defined benefit obligation as at the end of the year	144.50	108.67
Fair value of plan assets as at the end of the year	(4.01)	(3.78)
Net defined benefit obligations as at the end of the year	**140.49**	**104.89**
Classification		
- Current	11.39	57.71
- Non current	129.11	47.18

Changes in present value of the defined benefit obligation

Defined benefit obligation at the beginning of the year	108.67	99.88
Current service cost	16.88	22.83
Interest cost	6.68	6.48
Benefits paid	(11.39)	(10.09)
Actuarial loss/ (gain)	23.66	(10.43)
Defined benefit obligation at the year end	**144.50**	**108.67**
Changes in the fair value of plan assets are as follows:		
Fair value of plan assets at the beginning of the year	3.78	4.38
Expected return on plan assets	0.25	0.33
Mortality charges and taxes	-	(1.36)
Contribution by employer	11.39	1.43
Benefits paid	(11.39)	(0.99)
Actuarial loss	(0.02)	(0.01)
Fair value of plan assets as at the end of the year	**4.01**	**3.78**
Expense recognised in statement of profit and loss:		
Current service cost	16.88	24.19
Interest cost, net	6.43	6.15
	23.31	**30.34**
Re-measurements recognised in other comprehensive income		
Actuarial loss on plan assets	0.02	0.01
Actuarial loss/(gain) on defined benefit obligation	23.66	(10.43)
	23.68	**(10.42)**
Principal actuarial assumptions used :		
Discount rate	5.20%	6.70%
Salary escalation rate	10.00%	8.00%
Attrition rate	57.00%	42% to 49%

The estimates of future salary increases, considered in actuarial valuation taking into account of inflation, seniority, promotion, attrition and relevant factors, such as supply and demand in the employment market.

A quantitative sensitivity analysis for significant assumption as at the reporting dates are as follows:-

	March 31, 2020		March 31, 2019	
	Increase	**Decrease**	**Increase**	**Decrease**
Discount rate				
Sensitivity level	**0.50%**	**0.50%**	**0.50%**	**0.50%**
Impact on defined benefit obligation	(1.19)	1.21	(1.02)	1.05
Future salary increases				
Sensitivity level	**0.50%**	**0.50%**	**0.50%**	**0.50%**
Impact on defined benefit obligation	0.54	(0.53)	0.11	(0.11)

(b) Compensated absences

The Company's net obligation in respect of compensated absences is the amount of future benefit that employees have earned in return for their service in current and prior periods; that benefit is discounted to determine its present value, and fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method.

Recognised in the statement of profit and loss:	Year ended March 31, 2020	Year ended March 31, 2019
Current service cost	12.20	10.19
Past service cost	5.67	-
Interest cost	1.74	1.73
Net actuarial loss recognised	11.03	7.70
	30.64	**19.62**

	As at March 31, 2020		As at March 31, 2019

Net cash flows	199.51	9.36	**208.87**
Net debt as at March 31, 2019	**(99.42)**	**262.84**	**163.42**

16 Trade payables

	As at March 31, 2020	As at March 31, 2019
Dues to micro enterprises and small enterprises (refer note below)	-	-
Due of creditors other than micro enterprises and small enterprises	348.08	229.79
	348.08	**229.79**

	Mar 2020	Mar 2019
Of the above, trade payable to related parties (refer note 26)	**291.92**	**137.34**

All trade payables are current. The Company's exposure to liquidity risks related to trade payables is disclosed in Note 27

Disclosure required under Clause 22 of Micro, Small and Medium Enterprise Development ('MSMED') Act, 2006
The Ministry of Micro, Small and Medium Enterprises has issued an office memorandum dated 26 August 2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum in accordance with the Micro, Small and Medium Enterprise Development Act, 2006 ('the Act'). Accordingly, the disclosure in respect of the amounts payable to such enterprises as at reporting dates have been made in the financial statements based on information received and available with the Company. Further in view of the Management, the impact of interest, if any, that may be payable in accordance with the provisions of the Act is not expected to be material. The Company has not received any claim for interest from any supplier as at the balance sheet date.

	Particulars	As at March 31, 2020	As at March 31, 2019
(a)	the principal amount and the interest due thereon (to be shown separately) remaining unpaid to any supplier at the end of each accounting year;	-	-
(b)	the amount of interest paid by the buyer in terms of section 16 of the Micro, Small and Medium Enterprises Development Act, 2006, along with the amount of the payment made to the supplier beyond the appointed day during each accounting year;	-	-
(c)	the amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006;	-	-
(d)	the amount of interest accrued and remaining unpaid at the end of each accounting year; and	-	-
(e)	the amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.	-	-

The above disclosures are provided by the Company based on the information available with the Company in respect of the registration status of its vendors/suppliers.

17 Other financial liabilities

	As at March 31, 2020	As at March 31, 2019
Financial liabilities at amortised cost		
Employee benefits payable	46.80	35.15
Interest accrued but not due on borrowings	0.83	-
Payable towards purchase of capital goods	11.61	-
	59.24	**35.15**

18 Other current liabilities

Advance from customer	1.34	-
Statutory dues	41.15	61.18
	42.49	**61.18**

19 Revenue from operations

	Year ended March 31, 2020	Year ended March 31, 2019
Rendering of services	3,975.70	2,731.54
	3,975.70	**2,731.54**

(a) Disaggregation of revenue from contracts with customers

The table below presents disaggregated revenues from the contractor with the customers by currency and contract-type and the company believes that this disaggregation best depicts how the nature, amount, timing and uncertainty of our revenue and cash flows are effcted by industry, market and other economic factors.

	Year ended March 31, 2020	Year ended March 31, 2019
Revenue by customer markets		
Exports	2,827.04	1,670.64
Domestic	1,148.66	1,060.90
	3,975.70	**2,731.54**
Revenues by contract type		
Time and material	3,182.00	1,750.18
Fixed price contract	793.70	981.35
	3,975.70	**2,731.54**

(b) Contract assets and liabilities

The following disclosure provide information about receivables, contract assets and liabilities from contract with customers:

Contract assets		
- Trade receivables (refer note 10)	1,001.61	748.72
- Unbilled revenue (refer note 7)	335.42	314.05
Contract liabilities		
- Advance from customers (refer note 18)	(1.34)	-

20 Other income

Interest income	5.08	23.64
Miscellaneous income	7.69	34.56
Net foreign exchange gain	16.93	-
Profit on sale of assets	-	1.13
	29.70	**59.33**

21 Employee benefits expense

(Previous year figures are in brackets)

Terms and conditions of transactions with related parties

All other transactions with related parties are at arm's length and all the outstanding balances other than trade receivable balance are unsecured as per the general business practice of the Company.

27 Financial instruments - Fair values and risk management

A. Accounting classifications and fair values

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy

Particulars	Note	As at March 31, 2020				As at March 31, 2019			
		FVTPL	FVOCI	Amortised cost	Total	FVTPL	FVOCI	Amortised cost	Total
Financial assets									
Security deposits	7	-	-	69.68	69.68	-	-	73.42	73.42
Other receivables	7	-	-	2.30	2.30			0.46	0.46
Trade receivables/ unbilled revenue	7 and 10	-	-	1,337.03	1,337.03	-	-	1,062.77	1,062.77
Cash and cash equivalents	11	-	-	205.18	205.18	-	-	99.42	99.42
Total financial assets		**-**	**-**	**1,614.19**	**1,614.19**	**-**	**-**	**1,236.07**	**1,236.07**
Financial liabilities									
Lease liabilities	13	-	-	629.46	629.46	-	-	-	-
Borrowings	15	-	-	293.18	293.18	-	-	262.84	262.84
Trade payables	16	-	-	348.08	348.08	-	-	229.79	229.79
Employee benefits payable	17	-	-	46.80	46.80	-	-	35.15	35.15
Interest accrued but not due on borrowings	17	-	-	0.83	0.83	-	-	-	-
Payable towards purchase of capital goods	17	-	-	11.61	11.61	-	-	-	-
Total financial liabilities		**-**	**-**	**1,329.96**	**1,329.96**	**-**	**-**	**527.78**	**527.78**

For those financial assets and liabilities, which are not carried at its fair value, disclosure of fair value is not required as the carrying amounts approximates the fair values

B Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Market risk
- Liquidity risk
- Credit risk

Financial risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors along with the top management are responsible for developing and monitoring the Company's risk management policies. The Company's senior managment advises on financial risks and the approximate financial risk governance framework for the Company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Company's board of directors oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company's principal financial liabilities comprises borrowing, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, investments and cash and cash equivalents that are derived directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company.

The sources of risks which the company is exposed to and their management is given below:

(i) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings. The Company is exposed to market risk through its use of financial instruments and specifically to currency risk, interest rate risk and certain other price risks, which result from both its operating and investing activities.

(a) Interest rate risk exposure

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates.

The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost. The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate borrowings. At March 31, 2020, approximately 2% (March 31, 2019: 2%) of the Company's borrowings are at a fixed rate of interest.

Particulars	As at March 31, 2020	As at March 31, 2019
Floating rate borrowings	287.61	258.16
Fixed rate borrowings	5.57	4.68
Total	**293.18**	**262.84**

Interest rate sensitivity

The following table illustrates the sensitivity of profit and equity to a reasonably possible change in interest rates of +/- 1% for the year ended March 31, 2020 and March 31, 2019. These changes are considered to be reasonably possible based on observation of current market conditions. The calculations are based on a change in the average market interest rate for each period, and the financial instruments held at each reporting date that are sensitive to changes in interest rates. All other variables are held constant.

Particulars		As at March 31, 2020	As at March 31, 2019
Increase	**+1%**	**(2.88)**	(2.58)
Decrease	**-1%**	**2.88**	2.58

Impact of COVID-19 pandemic

The Company does not expect any significant impact of changes in the market interest rates on account of COVID-19.

(b) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities and the Company's net investments in foreign subsidiaries.

Currency risk arises on financial instruments that are denominated in a foreign currency, i.e., in a currency other than the functional currency in which they are measured. For the purpose of Ind AS, currency risk does not arise from financial instruments that are non-monetary items or from financial instruments denominated in the functional currency.

Foreign currency denominated financial assets and liabilities which expose the Company to currency risk are disclosed below. The amounts shown are those reported to key management translated at the closing rate:-

	Long-term exposure #			Short-term exposure		
	USD	**Euro**	**GBP**	**USD**	**Euro**	**GBP**
March 31, 2020						
Financial assets	**168.73**	**-**	**-**	830.02	7.94	0.14
Financial liabilities	**-**	**-**	**-**	285.72	1.74	-
Net exposure	**168.73**	**-**	**-**	544.30	6.20	0.14
March 31, 2019						
Financial assets	168.73	-	-	700.19	41.43	-
Financial liabilities	-	-	-	37.74	-	-
Net exposure	168.73	-	-	662.45	41.43	-

consists of investments in subsidiaries measured at cost

(i) Market risk - Foreign currency risk

Foreign currency sensitivity

The following table illustrates the sensitivity of profit and equity in regards to the Company's financial assets and financial liabilities.

In relation to the fluctuation in the respective currency with 'all other things being equal', if the Rs. had strengthened/ weakened against respective currency by 5% during year ended March 31, 2020 (March 31, 2019: 5%), then this would have following impact on profit before tax and equity: The sensitivity analysis is based on the Company's foreign currency financial instruments held at each reporting date.

	As at March 31, 2020		As at March 31, 2019	
	Strengthening profit/ (loss)	Weakening profit/ (loss)	Strengthening profit/ (loss)	Weakening profit/ (loss)
USD	(35.65)	35.65	(41.56)	41.56
EUR	(0.31)	0.31	(2.07)	2.07
GBP	(0.01)	0.01	-	-
	(35.97)	**35.97**	**(43.63)**	**43.63**

Impact of COVID-19 pandemic

While assessting exposure to foreign currency risks, the Company has adequately considered effect of changes to both counterparty's and their own currencies. The Company does not expect any adverse impact due to changes in the foreign currency on account of COVID-19.

(ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and availability of funding through adequate amount of credit facilities to meet obligations when due. The Company's treasury team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors liquidity position through rolling forecasts based on expected cash flows.

Exposure to liquidity risk

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

		As at March 31, 2020			As at March 31, 2019		
		Contractual cash flows			Contractual cash flows		
Particulars	**Note**	**Carrying amount**	**Less than 180 days**	**More than 180 days**	**Carrying amount**	**Less than 180 days**	**More than 180 days**
Borrowings *	15	293.18	293.18		262.84	262.84	
Lease liabilities	13	629.46	31.51	597.95	-	-	-
Trade payables	16	348.08	348.08	-	229.79	229.79	-
Employee benefits payable	17	46.80	46.80	-	35.15	35.15	-
Interest accrued but not due on borrowings	17	0.83	0.83	-	-	-	-
Payable towards purchase of capital goods	17	11.61	11.61	-	-	-	-
Total financial liabilities		**1,329.96**	**732.01**	**597.95**	**527.78**	**527.78**	**-**

*** excluding contractual interest payments**

(iii) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade receivables, certain loans and advances and other financial assets.

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of the Company's trade receivables, certain loans and advances and other financial assets. Outstanding customer receivables are regularly monitored and reviewed by the Audit committee periodically.

The carrying amount of financial assets represents the maximum credit exposure.

Particulars	Note	As at March 31, 2020	As at March 31, 2019
Trade receivables including unbilled revenue	(a)	1,337.03	1,062.77
Cash and cash equivalents	(b)	205.17	99.42
Security deposits		69.68	73.42
Other receivables		2.30	0.46
Total		**1,614.19**	**1,236.07**

(a) Trade receivables including unbilled revenue

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate. In monitoring customer credit risk, customers are grouped according to their credit characteristics, including end-user customers, their geographic location, industry, trading history with the Company and existence of previous financial difficulties. With respect to other financial assets, the Company does not expect any credit risk against such assets except as already assessed. The Company is monitoring the economic environment in the country and is taking actions to limit its exposure to customers with customers experiencing particular economic volatility.

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. The Company has adopted a practical measure of computing the expected credit loss allowance for trade receivable and other financial assets, which comprise large number of small balances, based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information including considerations for the likelihood of increased credit risk and consequential default on account of the emerging situation due to COVID-19. Further, the Company also makes an allowance for doubtful debts on a case to case basis.

The composition of trade receivable and unbilled revenue balances are as follows:-

	As at March 31, 2020	As at March 31, 2019
Trade receivables	1,001.61	748.72
Unbilled revenue	335.42	314.05
	1,337.03	**1,062.77**
Less than 180 days	1,131.99	866.13
More than 180 days	255.16	220.49
Sub-total	1,387.15	1,086.62
Less: Loss allowances in accordance with expected credit loss model	(50.12)	(23.85)
Total	**1,337.03**	**1,062.77**

The Company's management considers that all of the above financial assets that are not impaired or past due for each of the reporting dates are of good credit quality except for certain provision arrived based on expected credit loss model which has been recognised as a loss allowance in books.

(a) Cash and cash equivalents

The Company holds cash and cash equivalents with credit worthy banks and financial institutions as at the reporting dates. The Company does not expect any losses from non-performance by these counter-parties.

(c) Others:

Other financial assets comprising of security deposits and other receivables primarily consists of deposits given for occupying the premises and interest on loan given for fixed deposit. The Company does not expect any loss from non-performance by these counter-parties.

C Offsetting financial assets and financial liabilities

There are no financial instruments that would offset or are subject to enforceable master netting arrangements as at March 31, 2020 and March 31, 2019.

28 **Leases**

(a) **Transition to Ind AS 116**

The Company has adopted Ind AS 116 on "Leases" with effect from April 1, 2019 using modified retrospective approach along with a transition option to recognise Right of use (ROU) asset at an amount equal to the lease liability. Accordingly, there is no impact of Ind AS 116 adoption to the retained earnings as at April 1, 2019 or for the year ended March 31, 2019 . The Company has recognised Rs. 710.34 as ROU and corresponding lease liability for an equivalent amount on the date of transition. There is no material impact on profit after tax and earnings per share for the year ended March 31, 2020.

(i)	Lease payments recognised in the statement of profit and loss	120.28

29 **Contingent liabilities**	As at March 31, 2020	As at March 31, 2019
Claims against the Company not acknowledged as debts	13.26	13.26
On Letters of guarantees	15.59	-

Note: The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in this financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial positions

30 Consolidated financial statements

The Company is not consolidating financial statements of it subsidiary pursuant to exemption notified under MCA notification dated July 27, 2016. The holding company viz., Sundram Fasteners Limited, Chennai consolidates the financial statements of TVS Next Inc., USA.(formerly TVS Infotech Inc., USA)

Name of the company	Principal Activities	Country of Incorporation	Ownership interest held by the Company		Ownership interest held by the non-controlling interests	
			March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019
TVS Next Inc	Software services	USA	100.00%	100.00%	0.00%	0.00%

31 Events after the reporting period

There are no significant subsequent events that have occurred after the reporting period till the date of this financial statements.

However, in March 2020, the World Health Organisation declared COVID-19 to be a pandemic. The Company has adopted measures to curb the spread of infection in order to protect the health of its employees and ensure business continuity with minimal disruption.

In view of the pandemic, the Company has considered internal and external information and has performed an analysis based on current estimates while assessing the recoverability of assets including, trade receivables, inventories and other current / non-current assets (net of provisions established) for any possible impact on the financial statements. The Company has also assessed the impact of this whole situation on its capital and financial resources, profitability, liquidity position. internal financial controls etc., and is of the view that based on its present assessment, this situation does not materially impact these financial statements. The Company will continue to closely monitor any material changes to future economic conditions

32 Transfer pricing

The management believes that the Company's international transactions with related parties continue to be at arm's length and that the transfer pricing legislation will not have any impact on these financial statements, particularly on amount of tax expense and that of provision for taxation.

The notes referred to above form an integral part of the financial statements
